Message from the President

Being involved in a Not-for-Profit can be wonderful, it can also be exasperating. But unlike most of our lives where we seem to average about 2/3 empty, Sunshine Horses is usually about ¾ full in great days, great people and great horses. Most of this is due to the people involved who dedicate their lives and time to a mission beyond themselves. I want to dedicate this newsletter this month to one such person. Dr. Linda Meier. Linda is a great person and an amazing veterinarian showing both knowledge and compassion above and beyond any call of duty. Through good and bad times, she was always there...truly through sickness and health. Even when decisions weren't easy and horses had to be comfortably euthanized due to extreme illness or injury, a way was found, often for totally no compensation and with great gentleness, proficiency, empathy and grace.....They say you can pick your battles but whether you win them all or lose a few along the way, it makes all the difference who has walked beside you. Thank you Linda and our entire amazing village of people for all that you do and have done. May all the lives you touch be they human or equine enjoy your cups runnith over with Love...

Kate

Brownie Troop Visit

Recently a local Brownie Troop visited our barn. They brought bags of apples and carrots and lots of eager faces to see our herd. They got the opportunity to meet each horse, learn about horse care and equipment demonstrations from our own experts and enjoy watching a few strut their stuff. They presented beautiful glammed posters prepared for each horse! We want to thank the troop as well as their parents and especially their troop leader for visiting us and all the wonderful gifts!

Submit Photo for the Cover of our Newsletter

We are looking for a Cover Horse photo for our next newsletter. So come see our herd, and if that photo opportunity occurs – catch it and send it to terrihorses@nysunshinehorses.org. Winner will be on the cover of our next edition as well as displayed on our website. So get your cameras and get to our horses and get clickin' 😊
